CUSTOMIZABLE AND COMPREHENSIVE SUPPLY CHAIN SOLUTIONS

Wesco Aircraft is one of the world's leading distributors and providers of comprehensive supply chain management services to the global aerospace industry. Our services range from traditional distribution to the management of supplier relationships, quality assurance, kitting, just-in-time delivery, chemical management services, third-party logistics or fourth-party logistics and point-of-use inventory management. Wesco Aircraft offers one of the world's broadest portfolios of aerospace products, comprised of more than 565,000 active SKUs.

THE WESCO AIRCRAFT ADVANTAGE

Wesco Aircraft strives towards a vision of better serving our customers and suppliers in the global aerospace market. We embrace innovation in product distribution, supply chain logistics, and inventory management to bring effective and agile solutions to the industry.

CUSTOMER BENEFITS

- Reduced capital carrying costs
- Lower SG&A and overhead costs
- Improved cash flow
- Reduced scrap rates and waste
- Improved product quality
- Improved on-time delivery
- Consolidated supply base

SUPPLIER BENEFITS

- Reduced finished goods inventory
- Reduced administration costs
- Increased manufacturing efficiency
- Increased demand visibility
- Improved working capital
- Access to over 7,000+ customers

FOCUS ON QUALITY

- AS9100
- AS9120
- ISO 9001
- ISO 14001
- AC00-56a
- Full Traceability
- REACH

MARKETS SERVED

- Commercial Aerospace
- Defense
- Business Jet
- MRO/Airlines
- Space
- Pharmaceutical/Healthcare
- Industrial Manufacturing
- Automotive
- Energy
- Marine

STRATEGIC GLOBAL PRESENCE

We provide global sales and stocking support with 55+ locations in the following regions:

- Americas
- Europe
- Middle East
- Asia Pacific

QUALITY IS OUR PRIORITY

Wesco Aircraft works tirelessly to ensure the highest customer satisfaction in quality and delivery performance.

- Trained Quality Assurance Personnel
- State-of-the-Art Testing Equipment
- Approved by Major OEM Customers
- Full Traceability
- REACH

QUALITY MANAGEMENT PROCESSES

- Receiving and Final Inspection
- First Article Inspection Report (FAIR) and Dossier de Validation Industrielle (DVI)
- Dimensional Verification (through CMM)
- Laboratory Testing
- Risk Management
- Continuous Improvement
- On-Site, Fully Approved IATA and IMDG Packing Personnel
- Multi-Lingual Safety Data Sheet Capabilities

IN-HOUSE QUALITY LABORATORY

With our in-house quality laboratory, there is no need to outsource testing requirements. This internal quality control helps save time and cost for our customers.

Our in-house quality laboratory is NADCAP and A2LA certified to perform a variety of material tests:

- Chemical Testing
- Mechanical Testing
- Metallurgical Testing

DELEGATED QUALITY AUTHORITY

Wesco Aircraft is a trusted partner to customers around the world and holds several Delegated Quality Authority approvals. Ask us how you can receive verified product, ready to be used on your shop floor.

BROAD PORTFOLIO OF PRODUCTS AND SERVICES

Wesco Aircraft's full-service approach aligns to the evolving needs of our customers. We offer a comprehensive range of cost-saving innovations by combining our vast breadth of products with our value-add supply chain services, allowing our customers to focus on their core competencies.

PRODUCTS

HARDWARE

An extensive range of aerospace C-class hardware, sourced from leading manufacturers in the industry.

CHEMICALS

A wide range of ready to ship consumables, distributed from regulatory compliant and temperature controlled warehouses.

ELECTRONIC PRODUCTS

A wide selection of high performance electronic products, assemblies, connectors, and sensors.

BEARINGS

A comprehensive portfolio of bearings that meet the stringent quality standards of the aerospace industry.

MACHINED AND FABRICATED PARTS

Supply chain optimization for custom machined and fabricated parts, from sourcing to quality verification to inventory management.

TOOLING

An authorized distributor for a wide range of tooling products including installation, removal, swaging, and cold working tools.

SERVICES

CHEMICAL DATA MANAGEMENT

Take the complexity out of chemical data management and regulatory compliance with our proprietary software platforms.

CHEMICAL MANAGEMENT SERVICES (CMS)

Gain real-time visibility to your chemical supply chain, detailed cataloging, and smart sourcing that saves money.

JUST-IN-TIME (JIT) MANAGEMENT

Make more informed purchasing decisions and prevent stock shortages with our lean Just-in-Time inventory management program.

KITTING SERVICES

Achieve greater efficiency on your shop floor with custom kiting solutions that save time and reduce inventory.

QUALITY MANAGEMENT SERVICES

Quality management technology and testing equipment improves your performance and minimizes risk in your operations.

VENDING SERVICES

Improve product control, access to critical items, timely replenishment, and inventory spend on the shop floor.

VENDOR MANAGED INVENTORY (VMI)

Reduce your cost of inventory, automate replenishment, and reduce your warehousing footprint with on-time delivery.

3PL & 4PL SERVICES

Optimize material delivery, streamline your procurement processes, and have a single point of contact for your supply chain needs.

1. Industry Leader with 60+ Years of Experience

Since 1953, Wesco Aircraft has built a strong reputation in the global aerospace industry as a leader in distribution and supply chain management solutions. In this complex value chain, we are trusted by OEMs, their subcontractors, Aftermarket service providers, and our suppliers to provide creative solutions that deliver results.

2. Strong Inventory Position and Broad Portfolio of Products

Wesco Aircraft offers more than 565,000 active SKUs, across a range of products including hardware, chemicals, electronic products, bearings, customer designed products, and tooling. Our broad portfolio of on-hand inventory affords Wesco Aircraft the ability to cover our customers' entire BOMs (Bills of Material) and provide a single-source solution for their projects.

3. Improved On-Time Delivery and Reduced Inventory Burden

Wesco Aircraft works with customers to develop highly customized service solutions that provide both operational efficiencies and total cost savings. By managing inventory on behalf of our customers, Wesco Aircraft improves on-time delivery, decreases the frequency of production interruptions, eliminates part shortages and reduces customers' inventory burdens.

4. Global Footprint

Wesco Aircraft has more than 55 locations across the Americas, Europe, the Middle East, and Asia Pacific, providing sales, warehousing, quality assurance, procurement and administrative support. By having physical locations in close proximity to our customers, Wesco Aircraft is able to scale its operations and be responsive to our customers' business needs.

5. Risk-Reducing Quality Management System

With our commitment to Quality Management, Wesco Aircraft works tirelessly to reduce the risk of errors in our customers' supply chains. Many customers choose to outsource critical Quality Management functions to Wesco Aircraft, relying on our rigorous inspection processes. We are certified to AS9100, AS9120, ISO 9001, ISO 1400 and AC-5600 standards and have a dedicated Quality Assurance team. We also continuously maintain a Global Quality Performance Rating of 99.9%.

6. Strong Value Chain

Our long-standing industry relationships, scale of operations, and our channel to over 7,000 customers allow Wesco Aircraft to provide optimized inventory management. Wesco Aircraft sources product from over 5,000 suppliers, including major manufacturers in the industry. Collaborating along the value chain, we continually create new solutions for greater efficiency.

7. Continuous Improvement Culture

Wesco Aircraft is a champion of Continuous Improvement and Lean Six Sigma tools, regularly collaborating with customers and suppliers to identify opportunities for improvement. The resulting implementation plans provide measurable cost reductions and efficiencies for our value chain partners.
