Compliance Manager

Dear Supplier:

Wesco Aircraft is committed to sourcing responsibly and considers mining activities that fuel conflict as unacceptable. Wesco Aircraft's efforts related to conflict minerals are aligned to the work of the Electronic Industry Citizenship Coalition® (EICC®) and Global e-Sustainability Initiative (GeSI). The EICC's and GeSI's work includes the Conflict-Free Smelter Program and the Conflict Minerals Reporting Template ("Template").

We are collecting information on Conflict Minerals to comply with the provisions of the Dodd-Frank Act. Although Wesco Aircraft appreciates the responses you may have already submitted, there was no common format for proper submission to the Securities and Exchange Commission (SEC). The Template provides a common industry approach for the collection of sourcing information related to conflict minerals.

INSTRUCTIONS:

- Go to www.wescoair.com
- Navigate to DOWNLOADS page (Company > Downloads)
- Select "EICC GeSI Conflict Mineral Reporting Template v2.03a"
- Complete the form (in Excel format for your convenience)
- Email completed form to jennifer.boshers@wescoair.com within 30 days of this notice or no later than Nov 30, 2013

NOTE: The information contained in the Template constitutes a critical part of Wesco Aircraft's due diligence program. Training materials including a video and links to other support are available at www.conflictreesmelter.org. Should you have questions regarding the timely completion of this form, please contact Jennifer Boshers at 661-775-7295 or jennifer.boshers@wescoair.com. Any technical questions regarding the law and/or the identified minerals, please contact Mike Battenfield at mike.battenfield@wescoair.com.

Thank you for your cooperation and continued support.

Respectfully,

Wesco Aircraft
